- GLITTER FOAM STICKERS Christmas
- Natural Clothespins
- HESSIAN TWINE

And also:

Educational material

Fine motor skills, creativity

Steps

- Fill each bag with challenges, treats or compliments that will keep you waiting until Christmas.
- Fold the upper part then fold it down and secure with a giant metallic sticker.
- Using a permanent marker, write the day on each giant sticker, from 1 to 24.
- Decorate the rest of the bag with the metallic stickers and adhesive felt with Christmas motifs.
- Hang a clothespin on the upper part of each bag, centering them as much as possible. If necessary, add a touch of glue.
- Cut pieces of hessian twine of varying lengths. Fold them in half and pass the folded part through the clothespin. At the other end, tie a knot around the piece of wood to hang each bag.

Created collectively or individually, this supplied and beautifully decorated Advent calendar will make its creator(s) proud!
